Halloween here was a very tame affair, the boys being on their good behavior, as it were. With the exception of removing a few signs and gates and transferring them to other quarters, the night passed quietly and in comparison to ye olden times, when the youth cut loose and everything went, was of a decidedly gentle affair. Of course the girls had their looking glasses and candles, walking backwards and stumbling over ash barrels and such like, that they might get a glimpse of their future husband, as of old and ever will be, was to be expected.

DIAMONDS AT DOVER

Reported That an Immense Stone of Great Value Was Found in an Indian Mound

Word comes from the historic village of Dover, in the West end of this county, that a genuine diamond of immense dimensions, was unearthed by a party who was digging in the beautiful Indian mound which stands within the corporate limits of that town.

It is said that the diamond found is a very fine stone and is about the size of a guinea egg (or a piece of coal.) Excitement runs high down there, and everybody expects to wear diamonds in a few weeks.

Hopes the sensation won't blow out like the great "Black Diamond Railroad," of unimpressive memory.

At the coming state election next Tuesday Mason county has a candidate whom the people of this, his native city and county, should

delight to honor regardless of politics. That man is Senator William H. Cox, who was born in Maysville fifty-one years

ago and who has spent all the days of his life among us. During all his life, we who have watched his career can truthfully attest his worth as a man and his excellence as a citizen. No enterprise for the betterment of Maysville has ever been started but what he was one of the foremost to take a hand and push it to a success with his money, a ripe mind and a directing energy, all of which have made his name a by-word in the good work of the upbuilding of our city; foremost at all times in Church and charitable efforts and to assist mankind; in assisting in the work of advancing and beautifying our city, he has always been a leader—not only a leader, but the leader, as he has spent more time and money in this municipal improvement than any other individual residing here. His work in this line stands today the pride and the ornament of Maysville, and thousands, yea, hundreds of thousands of dollars of his money has been invested in structures here, all of which are monuments to his enterprise and his energy, and better still, the vast sum was all spent right here at home among our own workmen.

For a number of years he served with energy and ability in the City Council and as Mayor of Maysville, and at no time in his life has there been the slightest taint of graft or greed upon his name nor the blemish of having dealt unfairly with his fellow man.

Not only is he a leading Church worker, but he occupies the same eminent position in the Sovereign Grand Lodge of Oddfellows, being Chairman of the Finance Committee of the Sovereign Grand Lodge, and Grand Representative from Kentucky at every meeting of the National body, where he is known, respected and loved by his brethren from every state in the Union. Here in Kentucky, with its 25,000 Oddfellows and its 26,000 Free-masons, among these two great societies his name is a synonym for honor, enterprise and wise counsel. In his home life he is a kind husband, father and good citizen; his daily life is open to all as an exemplar and a model in every walk where modesty combines with ability and enterprise to mould the noblest work of God—an honest man.

WHEN Hon. A. E. Willson spoke at Franklin a few days ago he was introduced by Hon. C. W. Milliken formerly Democratic Congressman from that District who said he refused to support the so-called Democracy of this state at the present time, and would help the Republicans win now. Then he would organize a new Democratic party in Kentucky and defeat the Republicans.

But it is as State Senator from this District, composed of the counties of Lewis and Mason, that his integrity has been tried and his ability demonstrated.

During the eight years which W. H. Cox has acted as Senator it is entirely safe to assert that no other state official, Republican or Democrat, ever enjoyed such trust and confidence as have been reposed in him by the people in his work at Frankfort. In the State Senate he has always occupied a leading part, performing his arduous work with promptness and assiduity, but never conspicuously, and to the satisfaction of not only his own party, the Republicans, but to the Democrats as well. The latter is evidenced by his appointment by the Democratic Governor and Lieutenant-Governor to places on the leading Senate committees and other positions of honor, always bestowed unsolicited.

As a member of the Special Committee appointed to revise the state revenue laws, and as a member of many other important committees, Senator Cox displayed conspicuous ability and patience, and at no time in his public career has he shown the unreasonable spirit of the partisan Republican; and while he is a leader in the Republican party, and only last winter was the caucus nominee for United States Senator from Kentucky, he stands for principle and honesty rather than party, and dislikes a scheming and grafting Republican as he does a Democrat of the same dishonest proclivities.

Such are the manly characteristics of Mason county's honored son and candidate for Lieutenant-Governor—William H. Cox. He is one of us, and one in whom all the people can trust. In presenting him for your kind suffrage THE PUBLIC LEDGER pledges the city of Maysville and the county of Mason as his sponsors, and pointing to the past eight years of his eminent public service, we promise the people of his beloved state of Kentucky the same devotion to duty and the same non-partisan wisdom if elected to preside over the deliberations of the State Senate as Lieutenant-Governor.

Now, fellow-citizens of Maysville and Mason county, remember that a city and county are seldom honored by having the two candidates for Governor and Lieutenant-Governor, both native sons, as are A. E. Willson and W. H. Cox, and when you cast your ballot next Tuesday compliment the standard-bearers of old Mason with a big vote coming from all the people; then their hearts will be filled with a deeper sense of gratitude and their every official act shall be devoted to you as your loyal servants, for the triumph of law and justice and for the honor and glory of Old Kentucky.

Kentucky is the worst governed state in the Union—*Courier-Journal*.

I READ an exceeding bright and able speech the other day, made by the Hon. John E. Garner, of Winchester, Ky. Mr. Garner has been, until recently, an uncompromising Democrat, but he now thinks as we do, and means to act in the same manner.—Gen. Basil W. Duke, ex-Confederate at Louisville.

WHEN Hon. A. E. Willson spoke at Franklin a few days ago he was introduced by Hon. C. W. Milliken formerly Democratic Congressman from that District who said he refused to support the so-called Democracy of this state at the present time, and would help the Republicans win now. Then he would organize a new Democratic party in Kentucky and defeat the Republicans.

GREW MISS LEWIS' HAIR
AND WE CAN
PROVE IT

The Great Danderine Never Falls to Produce the Desired Results

MISS Lewis' hair was very thin and it was less than two feet in length when she began using Danderine. She says her hair and scalp are now fairly teeming with new life and vigor. That's the main secret of this great remedy's success as a hair grower. It enlivens, invigorates and fairly electrifies the hair glands and tissues of the scalp, causing unusual and unheard-of activity on the part of these two most important organs, resulting in a strenuous and continuous growth of the hair.

The following is a reproduction of Miss Lewis' last letter:

January 3, 1905.

Dear Doctor Knowlton:—
You know I told you in my first letter that my hair would not reach much below my shoulders, and that all of it together only made one tiny braid. I am sending you my photograph, which I had taken at Stevens Bros. It tells the whole story better than I can tell it. Everybody I know is using Danderine, so you see I am doing something to show my appreciation.

Sincerely yours, (Miss) EVA LEWIS.

Danderine makes the scalp healthy and fertile and keeps it so. It is the greatest scalp fertilizer and therefore the greatest hair-producing remedy the world has ever known. It is a natural loofa and a wholesome medicine for both the hair and scalp. Even a 25c bottle of it will put more genuine life in your hair than a gallon of any other hair tonic ever made. It shows results from the very start.

NOW at all druggists in three sizes, 25 cents, 50 cents and \$1. per bottle.

FREE. To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

ACCIDENTALLY SHOT

Miss Julia Vantine Shot and Painfully Wounded Last Night

A deplorable shooting occurred last night at the home of Mr. Frank Thomas in Forest avenue.

Miss Julia Vantine, aged 17, daughter of William Vantine, was spending the evening at the Thomas home.

About 9:30 Mr. Thomas took his revolver, and went out in his yard to frighten away some boys who were trying to carry off his front gate, firing the pistol in the air and he thought emptying it of all its loads.

Returning to the house he playfully pointed the gun at Miss Vantine, when it was discharged, and, instead of being unloaded, Miss Vantine was struck in the back on the left side, near the hip, and quite seriously wounded.

Dr. P. G. Smoot was hastily summoned but at the time the full extent of the injury was not known.

Miss Vantine is suffering considerably and Mr. Thomas is prostrated over the unfortunate accident.

TRAINED NURSE

Writes a Letter to the People.

"To Whom It May Concern: I am a trained nurse of nine years' experience in hospitals and private cases, and for the benefit of the people of Maysville I wish you would publish my experience with the cod liver preparation, Vinol."

"It was completely prostrated from overwork. I had no appetite, could not sleep, my kidneys, liver and bowels became inactive, and as I grew weaker I could not retain either medicine or food on my stomach, and raised blood. The doctor said my condition was critical and I would probably die."

"As I had seen Vinol prescribed for my patients with such remarkable results, I decided to try it. After the first bottle I began to improve. I continued its use, and soon began to sleep and eat well; every organ in my body was strengthened and became normal, until it seemed good to be alive and I was restored to perfect health and strength."

"I advise all my patients who need strength, rich, red blood, and flesh tissue to take Vinol, as it is far superior to old fashioned cod liver oil, emulsions, or other tonics." Elizabeth M. Cremon, Trained Nurse, Boston, Mass.

In Maysville we sell Vinol on a positive guarantee to return money if it fails.

LIMESTONE BRIDGE

At Maysville Built By Contractor Who Killed Himself

J. C. Morrison who killed himself at Dayton, O., was buried at that place yesterday.

It developed that he left a large estate, having squandered only the money he kept in bank. Mrs. Morrison states that the totter he wrote her explained that he killed himself because he had gambled heavily. She also stated that Mr. Morrison telephoned her at Ripley just before

he shot himself, telling her to "bundle up their things and bring the folks to Dayton at once." He gave no intimation, however, of his intention to take his life.

Morrison erected the iron bridge over Lime-stone Creek in this city, and during the Grover Cleveland panic in 1893, he was given a draft by a local bank, but owing to the money scare he refused to accept it.

Mrs. Morrison is a sister of the late Mrs. John C. Lovel of Maysville.

Can You Stand for This, Mr. Voter?

R. K. Smith, a leading member of the American Tobacco Trust, says: "It gave \$15,000 to the Democratic campaign fund, and in return was given promises of protection."

In the face of this fact S. W. Hager, Democratic candidate for Governor, professes to be the friend of the farmers of Kentucky.

Charles Dehler of the Beer Trust gave Mr. Hager personally \$3,500 as a contribution to the campaign fund. This Mr. Hager has been forced to admit.

In the face of this fact S. W. Hager, Democratic candidate for Governor, professes to be the friend of the temperance people.

William Seminor misappropriated \$48,000 of the funds of Jefferson county under the eyes of State Auditor Hager, the speculations covering a long period. Mr. Hager sought to have Mr. Seminor reappointed County Clerk after he had been ousted by the Court of Appeals, and before the clever book-keeping in his department had revealed the fact of the shortage.

In the face of these facts S. W. Hager, State Auditor and Democratic candidate for Governor, has the effrontery to offer himself as a fit man for the highest office in Kentucky.

JOHN MOORE.

Yesterday morning Mrs. Martha E. Power of Court street received a telegram from Baltimore, Md., conveying the sad intelligence of the death of her only brother, John Moore, whose demise occurred at 1 o'clock a. m. of heart disease.

The deceased was born at Sharon, the beautiful ancestral home located a short distance back of Aberdeen, O., October 28th, 1838, being at the time of his death sixty-nine years and three days old.

He was the oldest son of the late Dr. Thomas M. Moore, a distinguished physician of his time and a most cultured and lovable gentleman. John Moore was partly educated in this city, having attended Professor Sealy's School—a noted place of learning, well remembered by our older citizens.

During the Civil War he enlisted in the Tenth Kentucky Cavalry, being a Lieutenant in Major John Brown's Squadron and was a brave and efficient officer.

Shortly after the War he took up his residence in Baltimore, and for the past forty years has held the responsible position as Teller of the Bank of Baltimore, one of the leading money institutions of the city; his worth and integrity won recognition and appreciation, his long continued connection with the bank amply verifying.

He was a scholarly and dignified gentleman in the broadest sense of the term, genial and popular with all with whom he came in contact. His friends and acquaintances of earlier days in this city and Aberdeen will learn of his passing away with sincere sorrow.

He leaves one sister, Mrs. Martha E. Power, a niece, Miss Ann Delia Power, of this city, and a nephew, Frederick M. Power, of Douglas, Arizona. Mrs. Power is the last immediate member of the family.

The remains will arrive here this afternoon and the funeral will take place from the residence of Mrs. Martha E. Power in Court street tomorrow morning at 10 o'clock with services by Rev. George H. Harris, Rector of the Church of the Nativity.

Interment in Maysville Cemetery.

STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

BABY TORTURED FOR 6 MONTHS

By Terrible Itching Eczema—Face
and Head a Solid Sore—Spread
to His Hand and Legs—Would
Scratch Until He Bleed—Tiny Suf-
ferer Immediately Relieved and

ENTIRELY CURED IN 2 MONTHS BY CUTICURA

"When my son Walter was three weeks old, eczema appeared on his face. We did not know what it was so went to a doctor who treated him for three months. Then he was so bad that his face and head were nothing but one sore and his ears looked as if they were going to fall off, so we tried another doctor. He said he could cure him and we

doctored them four months, the baby better. His hand and legs then got big swellings which we could not think of, the poor little fellow suffered so terribly! First I tied his hands to the crib to keep him from scratching, but when it got so bad I tied him in a shawl or he would scratch himself. When he was seven months old we tried a set of the Cuticura Remedies. The first application of Cuticura let him sleep and rest well, in one week the sores were gone but it stayed red and sometimes it would itch so we used Cuticura for two months, then he had a clear and white face. Now he is two years and seven months old and has never had eczema again. I hope this letter will help some who are suffering from skin disease. Every mother who has a baby suffering with skin disease should just try Cuticura; there is nothing better." Mrs. Louis Beck, R. F. D. 3, San Antonio, Tex., April 15, 1877.

A single set of Cuticura Remedies is often sufficient to cure torturing, disfiguring, itching, burning, and scaly eruptions, eczemas, rashes, and irritations, from infants to age, when all other remedies fail.

IN THE CHARACTER OF THE CLOTHING

This store fulfills the highest possible mission of a modern retail establishment, in fact, our ambition is not so much to have the biggest business as it is to have the best business in the city. If bigness comes, as it often does from a policy of creating a new standard of quality, then we accept bigness as the result of our efforts rather than the object of them. If you want distinction in your clothes, a style and pattern that will separate you from ordinary dressers, appearance that gives an air of refinement, there is but one store to visit.
